

19" INDUSTRIAL PC

FEATURES

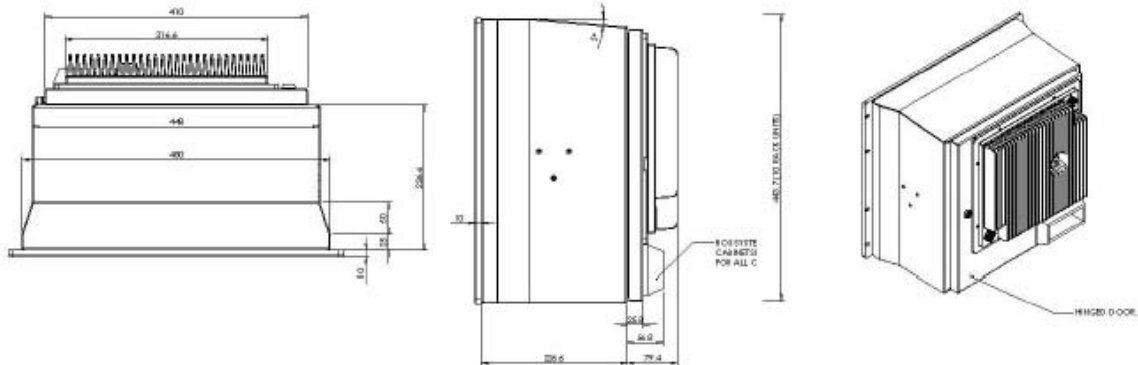

- Sealed face plate
- Durable toughened glass
- Stylish and rugged for Industrial application
- Infra-T or Projected capacitive
- Large colour display
- Suitable for Industrial environments
- Available in Stainless Steel

PRODUCT DESCRIPTION

The ET45195 is a 19" sealed stainless steel PC. It is designed for environments where plastic will not do the job. With a stylish machined aluminium face plate sealed to IP66, the ET45195 is available with an optional Infra-T touchscreen suited to gloved hand operation.

The ET45195 is designed for panel or rack mount to suit individual customer requirements.

Due to continuing developments, specifications are subject to change without notice. No Liability is accepted for errors and omissions.

**SPECIFICATIONS**

Construction:	Aluminium / Steel
CPU Support:	Pentium M / Celeron M
Memory:	512MB standard, Up to 2GB
Storage:	2.5" HDD
I/O:	Serial ports LAN port Parallel port USB ports
Power:	AC power supply Operating Power Consumption ~150W

Display:

Size:	19"
Type:	LCD TFT
Resolution:	1280 x 1024
Luminance:	250 cd/m ²

SPECIFICATIONS**Environmental Specifications:**

Operating Temp:	0°C to +55°C
Storage Temp:	-20°C to +70°C
Humidity:	5-95% non-condensing
Sealing:	IP 66
Vibration:	5-500Hz @ 0.1G accelerations
Shock:	15G @ 11mS pulse

Physical Dimensions:

Gross Weight:	~20kgs
Unit Dimensions:	482.6(W) x 306(D) x 443.7(H) mm

Options:

Mounting Brackets
 Touchscreen (Projected capacitive or resistive)
 24 VDC power supply
 Internal slim CDROM/ CD-RW / DVD-ROM / DVD-RW
 Sunlight readable display
 Standard PC audio
